

## 05/13/18 – The Mother of All Treasures

We as offspring of the Divine feminine, are inherently birthers and sustainers of our own reality. What are you currently creating and maintaining in your life?

*“The Divine Mother is a great patchwork quilt made up of the lives of every grandmother who has ever walked the face of the earth, eternally wrapping Her warmth around all of us.”* How does that land upon your heart?

Richard introduced a view of Jesus as a demonstration of both Christos (*Divine masculine*) and Sophia (*Divine feminine*) energies. How do **you** demonstrate Christos and Sophia energy?

Charles Darwin postulated in his book, ***The Descent of Man***, that, *“Communities which include the greatest number of the most sympathetic members will flourish best.”* Share your thoughts.
