

WEEK 2 - Feb. 17, 2019

"The Elevator Speech"

Choose 3

Share a time when someone asked you about your spiritual path and you couldn't come up with the right words. What did you learn from the experience?

Our 5th Unity principle is the truth that I know is the truth that I demonstrate. How do you demonstrate/live your spiritual belief system?

When you hear the words "*we pray **from** and not **to***" what does that mean to you?

Our thoughts, feelings and beliefs are creative. They are the tools for manifesting our lives. Share your thoughts about this 3rd Unity principle.

If there is only One Presence and One Power expressed in, through, around and as everything, how do you understand/comprehend/explain this when bad things happen?
