

4/11/21 – Week 1 – BACK TO THE BEGINNING AGAIN

Richard shared Unity’s teachings of the cycles of generation, degeneration, and regeneration (building up, breaking down and breaking open to build anew). On your journey of transformation, what stage do you currently find yourself in, and what are you experiencing?

Share a time in your life when a time of “degeneration” marked the turning point of your greatest awakening.

Richard shared Unity North’s 6 core values. They are unconditional love, service, acceptance, community, diversity, and spirituality. In your church, which three of these are the most important to you and why?

What is your “why” or reason for being?
